## Believe in Love

CH: Believe in Love  
 Believe in Life  
 Believe in what you're living for  
 And live like you believe it  
 All the more

1. Its easy enough to think things will never change  
 Its easy enough to despair  
 But if we really want to build a new world  
 All we've to do is believe

2. There is nothing that cannot be overcome  
 There's nothing that love cannot do  
 The power of the universe is on our side  
 All we've got to do is believe

3. Love has more power  
 Than all evil combined  
 Love in the end will win through  
 But love can only work through  
 Your heart and mine  
 And in that love we've got to believe
